

Tubular Steel Radiators

Tubular Steel radiators from Walney

Our comprehensive selection of tubular steel radiators not only look great, but are extremely flexible too.

Working well with both contemporary and traditional styling, the versatility of this product allows you to choose from over fifty different sizing options and a huge selection of finishes – ensuring that there is a heating solution for you; whatever the shape and size of your space.

Welded Legs

Each product in our Tubular Collection comes with the option of adding welded legs. As well as looking good, the legs give extra support, allowing you to place the radiator on a wider variety of walls.

Radiator Prices Include

- Tapping Bushes ($\frac{1}{2}$ " , $\frac{3}{4}$ " , or 1")
- End Plug
- Air Vent
- Wall Brackets
- Retaining Stays

Please Note

- All prices are exclusive of VAT.
- Orders under £750 (excluding VAT) will be subject to a carriage charge.
- For radiator prices, multiply the price per section by the number of sections required.
- The standard colour is RAL9010. Other colours are available. Please contact Walney for colour options.
- Walney UK reserve the right to alter design, specifications and prices without prior notice.

Tubular (TB600 4 column)

Choosing a Radiator

1 Choose a style and colour

With 59 radiators across 2 ranges, we will have a radiator to suit you and your environment, so take your pick in an extensive number of colours.

2 Work out your size

Work out the size you want either by basing it on the specific measurements or the output you require. (i.e. how big the area you want to heat is). From this you can work out the number of sections you need.

3 Work out your price

To find the price for your radiator multiply the price per section by the number of sections required.

4 Choose your valve

The next thing you need is a valve. We offer a wide selection of valves, ranging from modern and stylish to authentic and rustic – and all with the style and quality you expect from Walney.

5 Contact Walney or your local merchant

Contact Walney or your local merchant and let them know the specifications for your new radiator, and our customer service team will take care of things from there. Alternatively you can contact our customer service team earlier if you need any advice.

Valves to Suit

Once you've picked your radiator the next thing you need is to choose a valve. We offer a wide selection of valves, ranging from modern and stylish to authentic and rustic and all with the style and quality you expect from Walney.
