

Aluminium Radiators

Aluminium radiators from Walney

Our aluminium collection of radiators combines energy efficiency with style, giving you the best of both worlds.

Using less water than standard radiators, the heating is rapid, giving optimum performance and noticeable cost-savings. The radiators are also lightweight compared to conventional models, and therefore can be mounted onto almost any wall.

Available in seven different models, with twenty-six height options, this is a versatile product that will complement any home.

Radiator Prices Include

- Tapping Bushes (1/2" or 3/4")
- End Plug
- Air Vent
- Gaskets
- Standard wall brackets

Please Note

- Orders under £750 (excluding VAT) will be subject to a carriage charge.
- For complete radiator prices multiply the price per section by the number of sections required.
- Standard radiator finish white polyester powder coating.
- ETA, Vega V and Vega 2T are available in an exciting range of 20 metallic colour finishes.
- Opus, Student and Highline Radiators are supplied pre-assembled up to 10 sections.
- Radiators ordered over this length require a joining key.
- Walney UK reserve the right to alter design, specifications and prices without prior notice.
- All prices are exclusive of VAT.

Choosing a Radiator

- 1 Choose a style**

With 39 radiators across 6 ranges, we will have a radiator to suit you and your environment, so take your pick.
- 2 Work out your size**

Work out the size you want either by basing it on the specific measurements or the output you require. (i.e. how big the area you want to heat is). From this you can work out the number of sections or the radiator size you need.
- 3 Work out your price**

To find the price for your radiator multiply the price per section by the number of sections required.
- 4 Choose your valve**

The next thing you need is a valve. We offer a wide selection of valves, ranging from modern and stylish to authentic and rustic – and all with the style and quality you expect from Walney.
- 5 Contact Walney or your local merchant**

Contact Walney or your local merchant and let them know the specifications for your new radiator, and our customer service team will take care of things from there. Alternatively you can contact our customer service team earlier if you need any advice.

Valves to Suit

Once you've picked your radiator the next thing you need is to choose a valve. We offer a wide selection of valves, ranging from modern and stylish to authentic and rustic and all with the style and quality you expect from Walney.
