

Cast Iron Radiators

Cast Iron radiators from Walney

The Walney name has been synonymous with Cast Iron products for over 20 years. As the product of choice for many architects, specifiers and designers, they have developed a reputation for being the best on the market.

Each radiator adds its own distinct touch of authenticity, as well as a feeling of warmth and comfort. Five styles, with 31 different models, in ten height options means there is a cast iron radiator to suit you. Furthermore, this collection is supplied in a primer finish, so you can decide on the perfect colour match for your space.

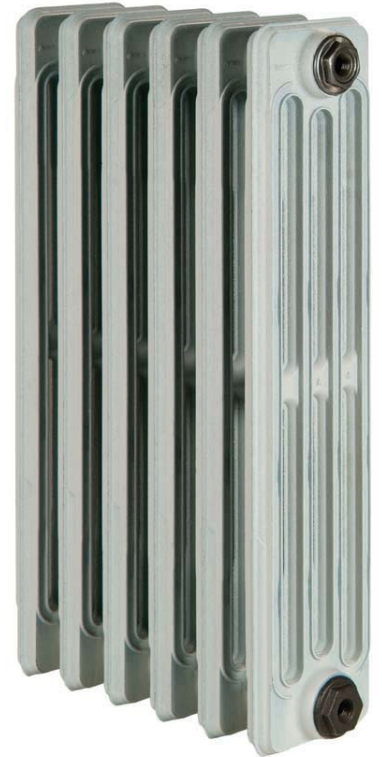

Call the Walney team to find out about our paint spraying service.

Choosing a Radiator

- 1 Choose a style**
With 31 radiators across 5 ranges, we will have a radiator to suit you and your environment, so take your pick.
- 2 Work out your size**
Work out the size you want either by basing it on the specific measurements or the output you require. (i.e. how big the area you want to heat is). From this you can work out the number of sections you need.
- 3 Work out your price**
To find the price for your radiator multiply the price per section by the number of sections required.
- 4 Choose your valve**
The next thing you need is a valve. We offer a wide selection of valves, ranging from modern and stylish to authentic and rustic – and all with the style and quality you expect from Walney.
- 5 Contact Walney or your local merchant**
Contact Walney or your local merchant and let them know the specifications for your new radiator, and our customer service team will take care of things from there. Alternatively you can contact our customer service team earlier if you need any advice.

Valves to Suit

Once you've picked your radiator the next thing you need is to choose a valve. We offer a wide selection of valves, ranging from modern and stylish to authentic and rustic and all with the style and quality you expect from Walney.
